

CRAFT CATALOG 2023

**CRAFT
TOGETHER!**

Welcome to Playbox

We are a Swedish manufacturer of a wide range of creative crafts, classic games and sport & play products developed for both retail and school assortments. From the get-go, our main goal has been to provide high quality, safe products, with big value for the money, as well as to be one of the most customer-oriented manufacturer in the field.

Back in the late 70's, our founder Per-Erik Jonsson started producing and selling creative toys at the local markets of Småland. The business quickly grew, and Jonsson made his first business trip to the Far East. Now, 40 years later, the small family business has grown to an international enterprise with a lot of experience in international trade, but with the continued flexibility of a family business.

We strongly believe in customer satisfaction. Being a family business, we can provide flexible, customer-oriented solutions. Most of our range is exactly that – products developed in cooperation with our customers. Naturally, private label is one of our specialties.

Among our customers there are companies of different sizes, everything from small school suppliers to large, internationally known companies. They are found on three continents.

Since 2014 Playbox has founded its own company in China with an office location in Hangzhou. This allows us to be strong both with distribution from our warehouse in Sweden as well as being able to offer FOB shipment directly from China. Furthermore, it lets us to be close to production to ensure high quality and timely order deliveries.

Playbox AB is a member of BSCI, IETP and Swedish Toy and Baby Association. All products are tested according to the European Safety Standard for toys, EN71 and/or the GPSD and REACH. Our suppliers comply with the standards of IETP and/or BSCI.
